Most of the PMHNPs you hire are new. Give them a training program on day one.

On-demand psychiatric prescribing training for your nurse practitioners, with ANCC contact hours built in and an admin view that shows who has actually watched what. Built by Lindsay Hill, DNP, PMHNP-BC, and Elizabeth Francis, DNP, PMHNP-BC.

4 in 10
board-certified PMHNPs earned the credential in the last 3 years.[1]

28.4%
of new nurse practitioners change practices within 3 years.[2]

$120,000
median direct cost to replace one advanced practice provider ($187,500 with lost productivity).[3]

What every seat includes

- **The Psych NP Bootcamp course:** short video lessons on psych prescribing, from picking a med to dosing, side effects and monitoring.
- **8 diagnosis courses,** from ADHD and anxiety to bipolar disorder and PTSD.
- **25.0 ANCC contact hours, 20.0 of them pharmacotherapeutic,** approved through the Colorado Nurses Association (an ANCC-accredited approver), valid through June 2028.[4]
- **An admin view you control:** real watch-time completion for each provider, the option to hide lessons that don't fit your workflow, and seats you can add as you hire.

The math

- One yearly seat is **$1,500**. The average NP already gets a **$2,095** CME allowance a year.[5]
- PMHNP-BC renewal takes 75 hours every 5 years, **25 in pharmacology**.[6] One seat covers 20 of those 25.
- Keeping one provider who would have left saves about **$120,000**. That pays for 80 yearly seats.

Three ways to start

90-DAY PAID PILOT

$150 / seat / month
Up to 10 providers for 90 days. If you continue, what you paid comes off your first year.

YEARLY SEATS

1 to 9 seats	**$1,500**
10 to 49 seats	**$1,250**
50+ seats	**$1,000**

Per seat, per year.

FREE 5-DAY LOOK

You plus 2 providers, full course access, no card. See the admin view before you decide.
